# Ideal For Storage of Any Kind

## Ponywall

### Diamond Shelters

Ponywall models are designed to be set onto a wooden or concrete wall. They range in width from 22' to 36'.

Ponywall **Diamond Shelters** come complete with rafter base couplers and lag bolts for wood, or optional wedge anchors for concrete.

## Freestanding & High Profile

### Diamond Shelters

Freestanding & High Profile models are designed to be set directly on the ground. They range in width from 15' to 38'.

Both models come complete with base rail foundation kit, ground anchors and cover tie down rails.

A concrete anchor package is also available.

## Unlimited Agricultural, Commercial & Residential Applications

A 32' x 60' Freestanding **Diamond Shelter** provides a bright, friendly atmosphere for a garden center retail outlet.

38' Freestanding

This bulk commodity transfer facility uses two Ponywall **Diamond Shelters** to protect product from weather as it is transferred from train to truck.

## Effective Cost Advantages

### Durable Covers

- Single Hoop **Diamond Shelters** come with our top quality North American made 12 oz. polyethylene cover. This cover has D-rings spaced every 18". All D-rings have double reinforced gussets.
- Optional Pipe & Ratchet Tie Down system.
- Flame retardant covers are also available.

### Color Options

- Covers are available in the following colours:
  - silver/white
  - blue/white
  - white/white
  - green/white
  - red/white
  - tan/white
  - translucent

15' Freestanding

- Diamond Shelters** allow in an abundance of natural lighting.
- Diamond Shelters** provide the most cost effective space for a durable, clear span structure.
- Diamond Shelters** can be erected in a very short period of time, which reduces construction costs.
- Diamond Shelters** can also be easily dismantled and relocated to another site.

32' Freestanding

### Warranty

- All 12 oz. **Diamond Shelters'** roof covers are backed by a standard 10 year pro-rated or an optional 15 year pro-rated warranty.

36' x 150' Ponywall

## Quality Construction

- ◆ All rafters are 2 3/8" x 12 gauge, hollow structural round tube. There is an optional upgrade to 3" tubing.
- ◆ Our rafters and purlins have easy to assemble slip together joints. **No abrasive spots. No taping joints.**
- ◆ Standard Grey Powder Coating on 15' & 18' wide **Diamond Shelters** provides a superior finish that is tough, durable, attractive and environmentally friendly.
- ◆ Powder Coating is an option on all other widths of **Diamond Shelters**.

Durable **Trak Doors** come in 10', 12', 14', 16', 18' and 20' widths.

A beautifully finished 32' x 60' Freestanding **Diamond Shelter** used for storage.

30' Ponywall Horse Barn

Our own polyethylene covered end wall provides a strong and attractive finish to your **Diamond Shelter**. End walls can also be wood or metal clad.

Our Roll Up Door on this 32' Freestanding model is an economical alternative that provides quick and easy access to your **Diamond Shelter**.

Optional **Powder Coating** provides a superior finish that is tough, durable, attractive and environmentally friendly. **Powder Coating** comes in many colours for a distinctive finish.

Strength and durability of our covers comes from a weave of double stacked, high-density polyolefin slit tapes. 12 oz. covers are backed with a standard 10 year pro-rated warranty or an optional 15 year pro-rated warranty. Flame retardant covers available. Finish your **Diamond Shelter** using one or more of these appealing colours.
