Single Hoop Frame

Single Hoop Product Information 15' & 18' Wide Freestanding & High Profile Models

- ◆ **Rafters:** All rafters are constructed of 12 gauge hollow structural round tube, 2 3/8" in diameter, press formed for uniformity.
- ◆ **Set Up:** All components are easy to assemble. **There are no abrasive spots, and rafter joints do not need to be taped.** Each shelter comes with detailed easy to follow set-up instructions.
- ◆ **Length:** Any length, subject to standard 8' rafter spacing.
- ◆ **Certified:** Diamond Shelters are manufactured by Dueck's Mechanical Inc., a company certified to CSA Standards W47.1.
- ◆ **End Frames:** One solid and one roll up door end.
- ◆ **Warranty:** 5 Year Pro-rated on Steel Frame.
- ◆ **Foundation:** These models are designed to be set directly on the ground. They come complete with base rail mounting kit, auger-in ground anchors, and cover tie down rails.
- ◆ **Powder Coating:** Standard color grey, other colors available upon request.
- ◆ **Delivery:** Popular sizes normally in stock.
- ◆ **Options:**
 - ◆ **Second Roll Up Door End.**
 - ◆ **Closer Rafter Spacing for Heavier Snow Loads.**
 - ◆ **Concrete Foundation Mount:** Brackets & anchor bolts.
